

# How Much Time Do You Currently Spend on Requesting and Tracking Quotes?

Quick quote turnaround is key to keeping clients interested in your solution. Why not cut out the middle man and produce your own quotes?

With our enhanced **Do It Yourself Benefit Systems (eDIYBS)** and proprietary underwriting system, **you can quote, bind, and enroll all of your groups right from your desktop.**

Produce a **FIRM** proposal that has 12 plans with 4 tier rates in **only two minutes!**

## How It Works:

### A One-Stop Shop Process

01

Produce a quick quote for your client with basic eligibility data.

02

Personalize your proposal with your logo, contact information, and more!

03

Your client chooses any 2 plans provided in the quote.

04

Confirm the participants election on selected plans. The eDIYBS Broker Dashboard allows you to manage your completed enrollments with ease.

05

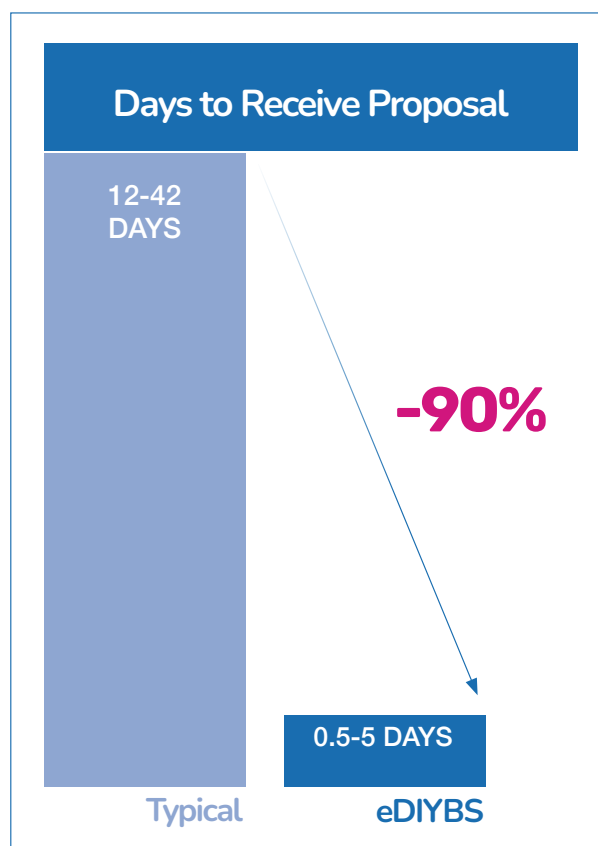

Send the selected plan information directly to the TPA for a seamless implementation.
